Apeksha Ulvekar

Full Stack Developer | Java, Spring Boot & React | Associate Consultant at Oracle

apekshaulvekar55@gmail.com | +91 8123311686 | Bengaluru, India | GitHub | LinkedIn | Portfolio

SUMMARY

Full Stack Developer at Oracle Financial Services Software with experience in Java, Spring Boot, React, and SQL. Experienced in developing and enhancing enterprise applications, REST APIs, backend processing, and file-transfer workflows. Focused on building maintainable applications and strengthening full-stack development skills.

EXPERIENCE

Oracle | Associate Consultant Aug 2024 – Present

Remote

- Develop and maintain enterprise application features across backend services and frontend interfaces using Java and related technologies.
- Support file-processing and client-delivery workflows involving scheduled jobs, file watchers, file-copy processes, and data-file handling.
- Implement Java extractor and internal API changes; update configuration, logging, and notification content to improve operational visibility.
- Built a React.js and Spring Boot checksum-validation page to help compare source and destination files and investigate mismatches.
- Support development and release activities across environments, including Git/Bitbucket changes, Maven configuration, release-branch updates, and deployment coordination.

IIHMR - B | Data Science Intern Jun 2023 – Nov 2023

Bengaluru

- Collected and processed approximately 5,000 Google reviews using web scraping for research involving Python-based aspect-based sentiment analysis.

PROJECTS

Wealth Management API

- Developing a Spring Boot REST API with request/response DTOs, input validation, structured exception handling, and paginated responses.
- Implemented constructor-based dependency injection, AOP-based logging, and a request interceptor for correlation IDs.
- Testing endpoints with Postman and documenting API contracts with Swagger/OpenAPI.

Cinemate

- Built a movie discovery application with external API integration, dynamic search, user authentication, and a watchlist.

EDUCATION

B.N.M. Institute of Technology, Bengaluru Dec 2023 – Jun 2024

B.E. in Computer Science and Engineering

SKILLS

Languages	Java, JavaScript, SQL, HTML, CSS
