GitHub | **Linkedin** | **LeetCode**

Education

BNM Institute of Technology — Bengaluru
Computer Science Engineering B.E. — Dec 2020 - June 2024

Experience

Oracle | **Associate Consultant** — Bengaluru | August 2024 - Present

Develop and enhance Java/Spring Boot modules and extractor processes for database-driven data processing, file generation, and client delivery.

Automate file-transfer workflows using AutoSys, batch jobs, and Managed File Transfer (MFT) configurations, including file mappings and whitelisting.

Built a React and Spring Boot checksum-validation tool to compare source and destination files and identify discrepancies.

Enhance extractor logging and automated missing-file email alerts; support internal API integrations, dashboard enhancements, debugging, and DEV/UAT release preparation.

Tradeshala | **Capital Market Analyst** — Remote | February 2024 - July 2024

Analyzed cryptocurrency market trends to identify patterns and support strategy formulation

IIHMR-B | **Data Science Intern** — Bengaluru | June 2023 - November 2023

- Collected and processed approximately 5,000 Google reviews using web scraping and contributed to a research study involving data labeling and Python-based aspect-based sentiment analysis.

Skills

Programming Languages:	Java, Javascript, SQL, Html/CSS
Libraries/Frameworks:	SpringBoot, SpringMVC, SpringData JPA, Hibernate, Spring Security, ReactJs, Junit, Mockito
Tools / Platforms:	Git, Maven, Jenkins, Postman, Autosys, Jfrog, Linux, OCI, Rest API, Swagger/OpenAPI
Databases:	PostgresSQL, MySQL

Projects / Open-Source

Wealth Management API — *Java, Spring Boot, PostgresSQL, JDBC*

Developing REST APIs using Spring Boot with DTOs, request validation, centralized exception handling, and pagination.

Implemented dependency injection, AOP-based logging, correlation-ID interceptors, and API testing using Postman and Swagger

Cinemate | **Link** — *ReactJs, Java, Firebase*

Developed a responsive movie-discovery application with external API integration, dynamic search, user authentication, and watchlist management.

Certifications

- Oracle certified Professional - Java SE 17 developer - **Oracle**
- Oracle Certified Professional, Java EE 7 Application Developer - Oracle.
- Oracle Database 23ai: SQL Workshop - Oracle.
- Unix and Linux - Oracle.
- SQL (intermediate) - **Hackerrank**
- Introduction to Generative AI - **United Latino Students Association**

Honors & Awards

- 5 Star SQL Badge HackerRank
- 200 Days Coding Streak LeetCode
